

Hard Korr
**0AWG Inverter Cable with
250A ANS Fuse (for 2000W
inverter)**

\$104.90

Details

Protect your battery and 2000W inverter setup with the Hard Korr 0AWG Inverter Cable with 250A ANS Fuse.

Designed to be used with the separately available 2000W Pure Sine Wave 12V to 240V Inverter, this kit includes two 75cm 0AWG 53.5mm² cables. Use the red cable to connect the positive circuit and the black cable to connect the negative circuit. Each cable has ring terminals at either end for easy attachment, with the positive red cable including a 250A ANS fuse.

For an easy off-grid setup, get the most out of your 2000W Inverter by pairing it with Hard Korr's 0AWG Inverter Cable with 250A ANS Fuse.

Use with Hard Korr's 2000W Pure Sine Wave 12V to 240V Inverter

Allows for easy set up
