

Hard Korr  
**2000W Pure Sine Wave 12V  
 to 240V Inverter with AC  
 Transfer Switch**

**\$899.00**

### Details

The 2000W Pure Sine Wave 12 to 240V Inverter with AC Transfer Switch from Hard Korr is built tough for those high-powered Aussie adventures.

Powering 240-volt appliances such as microwaves, toasters, and coffee makers off a 12-volt system, this inverter features an AC transfer switch to transition from 12V battery to mains power seamlessly - cutting the 12V power immediately to prevent discharging of your batteries for an efficient alfresco system! Through 2000W of continuous power and pure sine wave waveform, it caters for sensitive devices and built to surge up to 4000W. Plus, advanced protection circuitry and componentry promotes quiet operation and prevents overloading and overheating - and keep safe in your outdoor setup owing to a RCD switch, ceasing power to the inverter on sensing a variance to the ingoing/outgoing power.

Knock back a cuppa and power on at camp, with the Hard Korr 2000W Pure Sine Wave 12 to 240V Inverter with AC Transfer Switch.

- Ideal for caravans, camper trailers, touring setups, or boats
- AC transfer switch saves battery life
- Pure sine waveform for sensitive devices
- Australian GPO outlets
- Smooth, clean, and consistent 12V to 240V power conversion
- Powers appliances such as microwaves, coffee machines, toasters, and heaters
- Advanced thermoregulation system for increased efficiency
- Oversized heatsink for quiet operation
- Low harmonic distortion
- 2000W continuous power
- 4000W surge power
- 2 x 240V AU/NZ (IEC Type 1) outlet
- 89-92% efficiency
- Advanced protection circuitry (including short-circuit, overload, over-temperature)
- Inbuilt RCD protection
- Strong inbuilt mounting flange

### Specifications

<b>Snowys Code:</b>	159503
<b>Supplier Code:</b>	HKPINVAC2000
<b>External Dimensions:</b>	45.3L x 25.3W x 9.4H cm
<b>Packed Dimensions:</b>	45.3L x 25.3W x 9.4H cm
<b>Material:</b>	Aluminium   Steel
<b>Input Power:</b>	Nominal DC Input Voltage 12V DC   DC Input Voltage Range 10.5V – 15.5V   Input Current (max) 200A DC
<b>Power Consumption:</b>	No Load 0.9A   Remote Standby Current Draw 1mA
<b>Output Power:</b>	Pure Sine Wave   240V AC +/- 5%   2000W Continuous   4000W Surge Power   50/60Hz +/- 5%
<b>Approvals:</b>	AS/NZS 4763:2011   UL 458   IEC/EN 62368-1
<b>Suggested Use:</b>	4WD   Camping
<b>Warranty:</b>	2 Year
