

Darche
Basecamp 2200 Rooftop Tent
\$3,699.00

Details

The Basecamp 2200 Roof Top Tent by Darche goes above (your head) and beyond in roadside respite.

Boasting a softshell design with a folding canopy for quick setups and pack-downs, you're sure to be settled by sundown. Get on Darche's level, with the 2.3m telescopic ladder that suits most vehicle heights, internal storage pockets keep the knick-knacks and necessities in tact too. With a 65mm high-density mattress included, enough room to move, and the capacity to keep all your sleeping gear packed in during transit too - this tent tackles the tedious side of outdoor living.

Twin panoramic windows, a zippered sky window, and built-in vents provide maximum ventilation and prevent condensation, increase airflow, and protect from creepy crawlies. A 3000mm water rating and seam sealing withstand the wet-weather travels too - so you'll stay protected from the elements, season after season.

For robust reliability and door-busting durability, the sky is the limit with the Darche Basecamp 2200 Roof Top Tent.
