

## BlackWolf Cicada Hiking Tent

**\$224.90**

### Details

The Cicada Hiking Tent by BlackWolf blends lightweight efficiency with impressive durability.

Doubling features for true outdoor convenience, the Cicada boasts two doors, two configuration vestibules, and twin-zippered D-shaped openings - still allowing capacity for two adventurers, owing to a generous 110cm in height for adequate headroom. From hot and humid to drizzly and damp, its 190T Polyester PU fly features UVITEX treatment to prevent fading from harsh sunlight, while an internal breathable mesh inner and roof vents allow for ventilation. A 5000mm waterhead rating and full seam-tape sealing aids in water resistance too, while strength, structure, and stability are achieved by Velcro tabs connecting the fly to the pole frame. Defy the after-dark setups thanks to reflective guy ropes too, while storage pockets keep the knick-knacks intact and compression straps on the included carry bag keep it compact for pack-up.

From tackling new hikes to hitting new heights - the BlackWolf Cicada Hiking Tent carries every adventurous couple from sunrise to sunset.

- 2-person capacity
