

OZtrail
**Deluxe Commercial 3.0
 Gazebo with Hydro Flow**

\$279.90

Details

More durable than your average gazebo, the OZtrail Commercial Deluxe Gazebo with Hydro Flow will provide you with shade at corporate events, markets and functions.

The powder-coated white steel frame is easy to set up and is equipped with three push-button height adjustments offering up to 223cm in head clearance. The externally bound roof line seams help improve tension in the canopy, while the large vents in the roof will assist with dissipating wind and heat. The key points on the canopy are also reinforced with triple-layer 600D polyester, to help prevent wear.

Tested and certified by Australian engineers to meet the Building Code of Australia for temporary structures, and fire retardant to US standard CPAI-84, the OZtrail Deluxe Commercial Gazebo with Hydro Flow offers durability and reliability for frequent use.

Hydro-Flow Anti Ponding Bars for excellent water shedding
 500D polyester canopy
 White canopy
 Roof vents
 Reinforced wear points
 Tested to Building Code of Australia for temporary structures
