### Details

Sleep through the dazzling sunlight and get some serious shut-eye at the campsite with the genius Instant Up 4P Lighted Northstar Dark Room tent from Coleman. Not everyone is an early morning riser, which is why this tent has a special coating on the fly which blocks out 95% of light while reducing the heat in your tent by up to 5°. Set up is easy just lay the tent down, spread the fabric out, extend the poles until they lock, then throw the fly over, peg it out - and you're ready to roll! For illumination at the flick of a switch, the interior has silicone flexible strip LED lighting which is super convenient. The front features a vestibule which helps add to your living space, and you can also pitch out the two-pole awning at the front for extra shade. You won't lose your essentials amongst the mess as the Instant Up Dark Room Tent features interior organisers and a hammock for storage. There's a durable polyoxford floor PVC floor for toughness, and a 3000mm Waterhead rated fly for protection. This tent also has ventilation covered thanks to the ultrafine mesh and the Coleman Circle Ventilation system. Lucky last, you can also get the kids to bed nice and early as the dark interior of the tent will give the illusion of bedtime. For more restful sleep-ins and quieter evenings on your camping trips, the Instant Up 4P Lighted Northstar Dark Room tent is ideal. Front vestibule for added living and storage space Fly blocks 95% of sunlight and keeps inside 5° cooler than untreated tents Silicone flexible strip lighting with integrated LED lights Instant up hub frame design sets up in under 2 minutes Front door can be pitched out as a 2-pole awning Hook and loop strip on the awning for attaching to Coleman Deluxe Gazebos Coleman circle ventilation for added airflow Integrated storage hammock and organisers Power cord management system Welcome mat to keep your tent clean and dry Heavy-duty carry bag and 2 x awning poles included Fits 1 x Queen airbed
