

## Beachkit Australia Rainbow 240cm Beach Umbrella

**\$170.00**

### Details

If you'd like your shade to stand out from the crowd on the sand, then the Rainbow Umbrella from Beachkit is just what you need.

This multicoloured umbrella is made from mildew resistant oxford polyester and has a rating of UPF50+ that will block out at least 98% of UV rays as tested by ARPANSA. This wider canopy also provides 240cm of shade - so it's perfect for a day at the beach with a group of friends, or family. This shelter will stay sturdy as it has a two-piece vented top, and a self-anchoring auger that locks into the sand.

If you need to adjust to the rays of the sun, the three-position tilt feature on this umbrella makes it easy to shade yourself without a fuss. And, when you're all ready to hit the road, you can just pack it up into the matching over-the-shoulder carry bag for easy transport. Brighten up the beach and stay out of the heat with a Rainbow Umbrella from Beachkit.

240cm of coverage
