

Hex Pegs Short Flat Top Drillable Tent Peg

\$7.00

Details

Sick and tired of bending all your pegs when hammering into tough ground or hitting a hidden rock? Then the Short Flat Top Pegs from Hex Peg are your saviour. These beauties are perfect for when you don't need to secure a guy rope or trace spring but want a quick, tough-as-nails solution to pin down your tarp, tent or annexe. With a high-quality steel shaft measuring 100mm in diameter, this shorter version of the original Flat Top Peg can be used through an O or D ring so long as the ring is the same diameter. Grab your drill and make light work of hard sun-baked ground with the Short Flat Top Pegs from Hex Peg. Compatible with corded & cordless drills and impact drivers Easy and fast insert and removal Designed to be used in any application where the hook is not required to attach a guy rope or trace spring 160mm length for ease of use Threaded body with stainless-steel washer and rubber grommet Lifetime warranty
